### *Graduation & A Commercial Web Page*

**Ginny** continues as a AAAS Diplomacy Fellow with the US Department of State. Ginny is now working with The Bureau of Oceans and International Environmental and Scientific Affairs.

**Anna** graduated with honors from ASU and is now working in Asheville and riding her new Yamaha Vino motorbike to and from work. Anna is working two jobs to save money and has big plans for what comes next in her life. Is Mexico again in her future?

**Robert** continues working for UPS and officially joined the USP 401K plan. This fall Robert was also to be found at the local Red Cross office working as a volunteer to help them catch up their paperwork surrounding the hurricane relief effort. Robert also designed his first commercial web page this fall: You can check it out at <http://www.sewitseamsquiltshop.com>.

### *Working with the Red Cross and an 8<sup>th</sup> MS150 Bike Tour*

When Evelyn retired she signed up for Red Cross Disaster Training. Little did she suspect that this year would be the year for putting that training to use.

When hurricanes Katrina and Rita swept the Gulf coast this fall over 1,000 folks from the area were evacuated to Raleigh.

Evelyn worked at the shelter that Wake County set up and then at the FEMA/Red Cross Disaster Center that was the follow on after all the folks from the shelter found places to stay.

Evelyn and Zach purchased two kayaks for the house in Morehead City. If you get a chance to visit it is only a half a block walk to Calico Creek and the salt marshes where some great paddling can be done.

Zach continues to work with Nexus Software and still finds the work challenging and rewarding.

In September Zach completed his 8<sup>th</sup> MS150 bike tour. This year was a grand year for the tour it raised over \$1,000,000.00 for the first time in its history.

This spring Zach took the train to New York City and spent the weekend with Joe Delaney, Ginny's good friend and had a grand time of it; lots of good pints of Guinness and glasses of single malt scotch as well as a 50 mile bike tour of the five boroughs of New Your City. The trip was an excuse to meet with some folks from the previous summer's cross country bike tour.
